- In my free time I am expanding my knowledge of English and German
- Games, web applications, new languages and programming methods
- Bike, calisthenics, music, football

About me

I am a young, learning, novice programmer. I have a lot of knowledge in the field of creating aesthetic, fully functional and responsive web applications and programming. I am very good at new technologies, which I try to learn on an ongoing basis. I am looking for a job that will allow me to enter the IT world, while giving a solid foundation for further development, deepening my knowledge.
